

## Disclosure regarding educational requirements for professional licensure

Helene Fuld College of Nursing (HFCN) has met requirements of state and national accrediting agencies to provide academic programs designed to meet licensure requirements, including those for New York State. Other states may have their own requirements. If you plan to practice in a state other than New York, this disclosure will support your research in checking what other states require.

In adherence to the US Department of Education, HFCN is providing the following disclosure regarding educational requirements for professional licensure. Per U.S. Federal Regulations, §668.43 (2019 Rule), and in compliance with the State Authorization Reciprocity Agreements (SARA) Manual version 19.2, HFCN provides the following disclosure related to the educational requirements for professional licensure and certification.

This disclosure does **not** provide any guarantee that any particular state licensure entity will approve or deny your application. Furthermore, this disclosure does **not** account for changes in state law or regulation that may affect your application for licensure and occur after this disclosure has been made. **Enrolled students and prospective students are strongly encouraged to contact their State's licensure entity using the links provided to review all licensure requirements imposed by their state(s) of choice.**
